

PHS GOLD MEDAL PLANTS

The PHS Gold Medal Plant Award was established in 1978 to identify superior woody plants for the Pennsylvania landscape. Plants are selected annually for their extraordinary beauty, pest and disease resistance, and ease of growth. All selections will display multiple seasons of interest and are hardy in Zones 5-7. (www.goldmedalplants.org) Listed below are the Gold Medal winners that we carry here at Conard-Pyle.

SHRUBS & WOODY VINES:
